

SKYVIEW™

PEDESTAL SYSTEM

The SkyView Pedestal System is the simplest, most versatile, and highest-quality solution on the market for roof deck paving supports. Its **patent-pending design** uses up to seven modular components to create pedestals ranging from 3 to 31 inches in height—without the need for cross-bracing—and features an orbital base that compensates for slopes of up to 6%. This innovative yet simple system ensures unmatched adaptability, effortless installation, and long-term durability for any application over structure including roof tops, terraces, parking garages and more.

- ✓ Unique patent-pending design
- ✓ Adjustable heights from 3" to 31" without cross-bracing
- ✓ Slope compensation up to 6%
- ✓ Orbital socket for ease of leveling
- ✓ Large footprint to provide stability
- ✓ Consistent slab alignment with 3/16" spacer tabs
- ✓ Resistant to water, mold, and freeze/thaw cycles
- ✓ Manufactured from up to 90% recycled polypropylene
- ✓ Miami-Dade County & Florida Product Approval Pending

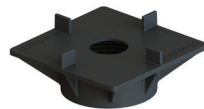

PEDESTAL COMPONENTS

BASE
L: 7", W: 7", H: 0.38"
